Dear Dan:

I wanted you to know how much I appreciated receiving the complimentary copy of the 1983 Freedom of Information Case List. It was necessary for me to prepare a presentation on FOIA this week and I found the book invaluable in "boning up" on the case law.

I hope to see you at the next American Bar Association FOIA Task Force meeting in January. Until then, Season's Greetings and many thanks again for remembering me.

Sincerely,

STAT
